EDUCATION

JD, The University of Texas School of Law, 1988

BA, University of Delaware, 1981

BAR ADMISSIONS

Virginia

Liz's practice focuses on environmental and administrative law.

Liz's practice focuses on a broad range of environmental issues arising under federal and state laws, with a strong emphasis on issues involving water regulations.

Relevant Experience

- Provides daily representation to an association of electric utilities on water regulatory developments, including answering questions on NPDES permitting issues and developing extensive technical and legal comments on EPA regulatory proposals.
- Managed industry efforts on revised steam electric effluent guidelines rule.
- Assisted individual electric utilities with NPDES permit compliance questions, permit renewals, and challenges to state water rules and requirements.
- Advised individual electric utilities seeking to obtain thermal variances or negotiate permit conditions related to cooling water intake structures.
- Advised multiple electric utilities on issues regarding the impact of TMDLs on NPDES permits.

Events

- Speaker, FGD Wastewater: Industry Perspectives, EPRI ENV-Vision Conference, Arlington, VA, May 13, 2015
- Speaker, Effluent Guidelines: EPA Revisits Wastewater Regulations for Steam Electric Plants, ASME Research Committee on Power Plant and Environmental Chemistry, Williamsburg, VA, March 26, 2012
- Speaker, Revision of the Steam Electric Effluent Guidelines, EEI Environmental Health and Safety Task Force, Albuquerque, New Mexico, March 15, 2012
- Speaker, Regulatory Issues on the Waterfront: Effluent Guidelines and Coal Ash, National Rural Electric Cooperative Association Meeting, September 15, 2009
- Speaker, Regulatory Update: Steam Electric Effluent Guidelines, at the Electric Power Research Institute's workshop, The Impact of FGDs on Wastewater, held in Atlanta, August 15-16, 2006

Publications

- Co-author, Wastewater Discharge Rule Changes May Be Costly, Public Power Magazine, May 2007
- Co-author, Outline of RCRA/CERCLA Enforcement Issues and Holdings, Chemical Waste Litigation Reporter, 26th edition, December 2004
